Hello kids,

Summer vacations are around the corner and we want you to enjoy it to the fullest. No homework, reading school books or doing things that you don’t like. So let’s plan something very enjoyable for you.

Dear parents, these are guidelines for you which will help you spend more quality time with your child, thereby making his understanding and learning procedure more enjoyable.

Don’t explain these activities to your child as homework time rather mention it as family activity time. Whenever you get the time, enjoy the simple things. Whatever the child has been told to do let him do it on his own. We do not look for perfection in a child’s work on the other hand the completion of the task is an achievement in itself.
ENGLISH

- A book will be handed over to the child just for the sake of being the proud owner of his very own novel. Don't force him to read, let him feel it, love it and read it on his own. If he wants your help, be forthcoming.
- Look at the grid and answer.

MATHS

- Draw a caterpillar on A-3 sheet and write numbers from 101-150 on it's body segments. Colour and decorate the sheet.

E.V.S

- Select photographs of your birthday party and paste it on A3 sheet. Decorate the sheet with colours and decorative materials.

ART

- Buy the child a small art file and let him paint whatever he wishes.

  Practice writing English and Hindi in Three-in-one copy.

- We want the parents to have atleast one enjoyable outing together. Please watch any movie and paste the movie ticket in the scrap book.

HINDI

- कोई एक कविता पृ-4 शीट पर लिखो। उससे संबंधित चित्र बनाओ। उस कविता की छाप करो।
- छं - छं - तन कॉपी में महीनों और दिनों के नाम लिखो।
