### Parental Supervision

Dear Parent

As the school closes for the summer break on May 16, 2018, we have planned some activities / worksheets / projects for your child to enhance his / her learning skills in a fun - filled way.

To encourage your child's self - esteem and feeling of courage, help your child discover his or her hidden talents and interests. Keeping the same objective in mind, we have divided the homework into two categories.

1. The first category would be the [Fun-Activities](#), which can be done with your children at home so that you have the opportunity to spend some quality time with them and can be informative and interesting at the same time.
2. The second category would have the [worksheets](#), which can be helpful for the little ones.
